

CABINET CONSIDERS SITUATION HELD TO BE SPECIALLY GRAVE

GERMANY'S UNYIELDING ANSWER IS CAUSE OF OFFICIAL ANXIETY.

WILSON TO DRAFT U. S. REPLY

Terse, Emphatic Note Is Expected To Be Ready For Transmission This Week.

NOTE IS BEGUN.
(Associated Press)

Washington, June 1—After a discussion by the President and his cabinet lasting more than two hours, the preparation of the second note to Germany was begun and a warning to the factions of Mexico was completed.

Washington, June 1—The cabinet met today to consider one of the gravest international questions that has ever confronted the United States. Germany's unyielding answer to the American note was before today's meeting, and President Wilson said that the United States' rejoinder would not be many days delayed. Calm in bearing the president received Washington correspondents as is usual on Tuesdays. He revealed to them that he had not drafted his reply, but will probably do so after today's cabinet meeting.

To See President.

At his own request the German ambassador will see President Wilson. In well informed circles, however, it is said that he is not in close touch with his government because of difficulty in communication. The United States' reply then, will probably go forward Thursday or Friday.

President Impressed.

The president, it is understood, is much impressed with American editorial comment that the German answer is an evasion of the greater issue of law and humanity. Advisers say he regards it as a true reflection of the opinion of the country and he will endeavor by his action to express it. Failure to meet American representations, it is predicted, will result in the severance of diplomatic relations between Germany and the United States. Diplomatic non-intercourse, however, will not necessarily be followed by any other steps unless American rights are flagrantly violated. All of the cabinet officers reflected the gravity of the situation.

Emphatic Note.

It is predicted the note will be brief and emphatic, setting forth the American government's position on the disputed points raised by Germany.

President Wilson announced today that he would probably defer making any public statement on the Mexican situation until tomorrow, when he will confer with Miss Mabel Boardman of the American Red Cross on a plan to utilize the Mexican border army posts as depots for the collection and distribution of food to the starving Mexicans.

It will be an additional feature to the camp meeting proper and is taking like wildfire among the various churches, lots of the Sunday schools having already spoken for space at the camp, which will be held from July 8 to 18.

There will be lots of outdoor life, sports and a reasonable amount of religion. Things to be taught will be camp craft, wood craft, bird craft, scout craft, first aid and life saving,

FORMER DIXON MAN SHOT SELF TO DEATH

MICHAEL MURPHY, CHICAGO POLICEMAN, SUICIDED SUNDAY MORNING.

HEALTH BROUGHT DESPONDENCY

Deceased Was Son of Jeremiah Murphy of North Dixon—Spent His Boyhood Here.

Michael Murphy, a member of the Chicago police force, attached to the West Chicago Avenue station, son of Jeremiah Murphy, 621 N. Hennepin avenue and father of Mrs. Orville Drew of Palmyra, suicided Sunday morning. His health is thought to have caused the despondency which caused his self destruction.

Mr. Murphy spent his youth in this city, attending the Dixon schools, and he had many friends here who will mourn his tragic death and who will extend condolence to the bereaved ones. He is survived by his wife, two daughters and the following brothers and sisters, all of Dixon: Mary Cotton, Margaret Woodruff, Dennis Murphy, John Murphy, James Murphy and Anna Murphy, all of Dixon. The story of the suicide is told by the Chicago Tribune, as follows:

Michael Murphy, lockup keeper at the West Chicago Avenue police station, made the rounds of the cellroom at 5:15 o'clock yesterday morning. Assured his prisoners were in good shape and all cell doors fast, he stepped into the lavatory. A minute later Det. Sergeant Nashheim and Robert Caladine, the operator tumbled over each other down the stairs, revolvers ready for action. They heard four shots, signifying trouble in the cellroom.

Prisoners in Uproar.
Nashheim and the operator found the prisoners in an uproar. All, however, were secure in their cells. Murphy was nowhere in sight. From under the lavatory door smoke was curling. Behind the door lay the lockup keeper, the victim of his own revolver. He was unconscious and died on the way to a hospital.

A minute later Det. Sergeant Nashheim and Robert Caladine, the operator tumbled over each other down the stairs, revolvers ready for action. They heard four shots, signifying trouble in the cellroom.

Lowden Out For Governor Soon Chiefs Believe

Went To Chicago For Heart To Heart Talks With Leaders

Chicago, June 1—That Col. Frank O. Lowden will formally announce his candidacy for the Republican nomination for governor in a few days is the belief of local party chieftains. The announcement is expected immediately after the adjournment of the legislature if not before.

Col. Lowden came up from his Ogle county farm Saturday. He had several heart to heart talks with the party leaders, who lately have been benevolently assimilated by the city administration.

"His hat is in the ring, and it will stay there," said one of the city hall powers yesterday. "It is simply a question as to when will be the most auspicious time to make the formal announcement. But he's going and nothing can stop him. We're with him, too, and he's going over."

Plan Thorough Canvass

As tentatively considered, the Lowden campaign managers contemplate one of the most thorough primary canvasses ever made in the state. They intend to go into every hamlet of the commonwealth and rake it with a fine comb. They are going to let the big towns and commercial centers take care of themselves and get out among the common folk in the lit out of the way places that have very rarely had the honor of beholding a real candidate for governor.

In the larger centers organization work will be relied on to do the business. The Lowden generals already claim to have perfected their organization forces in nearly half of the 101 downstate counties.

Deceased Veterans of Civil War Honored By Dixonites

The bright sunshine made Monday an ideal day for the exercises in commemoration of the gallant deeds of the soldiers who fought in the great civil strife of this country over half a century ago. The American flag was displayed quite generally throughout the city. At noon several of the bells were tolled in keeping with a request sent out by the state department of the G. A. R.

At about 1:30 o'clock Marshal of the Day G. G. Messer began forming the procession on Second street at the city hall. First in line were a hundred school children, then Co. G, I. N. G., while following them were about thirty members of Dixon Post G. A. R.; bringing up the rear were the Spanish American war veterans. One feature of the march was the "spirit of '61," a drum corps composed of old veterans. They played martial music and the men declared it more inspiring than that of the largest band that could be gotten together.

A halt was made at the south door of the court house where wreaths and bouquets of flowers were distributed to the school children, then the march to Oakwood cemetery was resumed where the graves of the departed soldiers were decorated. The procession then returned to the court house square, where exercises were held. Chaplain Samuel Hoon offered prayer, after which a quartet rendered a selection, then Lincoln's Gettysburg speech was rendered by six girls from the North Dixon schools and following this was the address by Rev. C. E. Stebbins of the Congregational church.

Rev. Stebbins' address was a well prepared, pleasingly delivered, patriotic and thoughtful effort which was listened to most attentively by the large audience, and which aroused the spirit of love of country in every auditor's breast and awakened the veneration of the younger generation for the brave men who served their country so unselfishly, uncompromisingly and sacrificially.

CARNIVAL'S GOING WAS AS STORMY AS THE WEEK HERE

MAGISTRATE HAS LIVELY SESSION WHILE TRYING TO MAKE COLLECTION.

THREE MEN WERE ARRESTED

One Will Be Charged With Assault On Mr. Kent With Deadly Weapon.

The A. B. Miller Carnival Company left Dixon in their special train over the Northwestern road at 12:45 o'clock Sunday afternoon for Beloit, Wis., where they will hold forth this week. They had a hard time of it here having rain the greater part of the time, and it was raining on Saturday night when they started to tear down and hence neither the management or the help were in the best of spirits. The Japs, who conducted the china ware stand and the shooting gallery severed connection with the show here while the management discharged a large number of the roustabouts. Some of the actors in the shows also asked for their time.

One of the girls in the Tango show was unable to collect \$12 she alleges was due her from Manager H. Bushea and placed the account in the hands of Magistrate W. G. Kent for collection and the magistrate appeared at the show grounds about midnight and sought out Bushea. The show man is said to have pushed Mr. Kent around, and becoming exasperated the magistrate drew a revolver from his pocket. This was the signal for trouble and the show man shouted "Hey Rube," at which several burly negroes appeared and one of the number is alleged to have hurled a rock at Kent, following which he summoned Sheriff Phillips.

Get Their Men.

The sheriff and Deputy Schoenholz appeared on the scene shortly afterward and being given a description of the show manager and the negro who hurled the rock they started for the roundup. They first visited the pay car and were informed by the men in the front that Mr. Bushea had just left. Sheriff Phillips took no stock in what had been told him and perceived—

ROCKFORD WAS EASY FOR DIXON SLUGGERS

THE LOCAL BALL TOSSERS TOOK BOTH CONTESTS FROM VISITING PLAYERS.

LIGHTNER HAD 20 STRIKE OUTS

Speed Artist Had Everything In Sunday's Contest—Monday's Was Easy, Too.

Before good crowds the Dixon base ball team took two games from the Rockford Athletics Sunday and Monday, winning the Sunday contest by a 6 to 0 score and taking the holiday bill 12 to 7. At no time did the visitors have a look-in with the fast and hard hitting bunch which will uphold Dixon's honors on the diamond this season and it was clearly demonstrated that some of the semi-pro teams will have to be engaged to tackle Stratton's gang.

A feature of Sunday's contest was Lightner's pitching. The speed artist had everything. His curve ball was breaking all around the batters' necks. His control was perfect and the success of his work is demonstrated by his twenty strike-outs. Larkin and Hogan pulled home runs, much to the delectation of the assembled populace.

Monday's Easy, Too.

Monday's game was likewise easy for the locals and a nightmare for the opposing pitchers, of whom there were three—all bad. Not until the last session did Rockford get acquainted with the cushions, in which session Huber and his teammates eased up and let the visitors imagine they were going to get somewhere near the even dozen the locals had accumulated.

Mr. Miller, a young man of twenty-one, is the third son of Mr. and Mrs. E. S. Miller of Elk Grove, Cal., and former residents of Dixon. Out of a class of 896 he was one of fifty to receive high honors from his university. A fine position has been given him with a large San Francisco firm in which his brother Earl, who graduated from the same university last year, is also employed. THE PRICE SHE PAYS.
There is hardly an American woman nowadays who can keep pace with the demands made upon her time and energy without paying the penalty of ill-health. It may be that dreadful backache, dragging pains, headaches, nervousness or the tortures of a displacement. It is the price she pays. To women in this condition Lydia E. Pinkham's Vegetable Compound comes as a boon and a blessing. A simple remedy made from roots and herbs which brings glorious health to suffering women.

The affair was a 7 o'clock dinner served at the H. G. Reynolds' home, and was most unique in its setting, the house being decorated to resemble a railway station. To heighten the impression Theodore W. Fuller, and Frank Rosbrook impersonated policemen standing at the door, and hurrying the crowd toward the ticket office where tickets could be purchased for Faribault. Mrs. W. W. Gilbert acted as station matron and Gordon Utley as station master. Douglas Harvey and Henry Noble, as

The dining room was transformed into an old fashioned lunch room, and dinner was served there in true railroad style, forty passengers, who were waiting for the Fairbault train, taking time to eat. Later they drifted to the souvenir counter, and purchasing, decided that Miss Rosbrook might have used for their purchases when she arrived at Fairbault, so Miss Reynolds, for the passengers, made an apt speech presenting the souvenirs.

Out of town guests were Mrs. B. P. Pope, Miss Virginia Pope, and John Halston of Chicago.

Day, pastor of the church, performing the ceremony. Miss Geneva Sherman and Fred Bott, both of this city, will be the attendants. The bride is the daughter of Mr. and Mrs. John Lightner of 722 Broadway, this city, and the groom the son of Mr. and Mrs. Edward Egler, recently of this city, formerly of St. Louis.

The bride was handsomely gowned in white messaline, trimmed in shadow lace over silk chiffon, while the bridesmaid was gowned in white silk. No wedding trip will be taken, the young people starting their house keeping at once in a home furnished by the groom at 1102 Third street.

The bride has been a resident of Dixon almost all her life and has a wide circle of friends who wish her all happiness, and as the first of June weddings on the first day of June was ushered in by a day of unparalleled brightness, the bride will be "blessed" if there's aught in weather. The groom is a young man of many character who has added many to his list of friends since coming here.

Strawberry Short Cake

For dinner every Sunday and once or twice on week days is not too often to serve this delicious dessert as long as strawberries last. The whipped cream for the top is not absolutely necessary, but it makes a short cake more attractive to the eye as well as to the taste.

K C Strawberry Short Cake
By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine.

2 1/2 cups sifted pastry flour; 2 1/2 level
teaspoonfuls K C Baking
Powder; 1/2 teaspoonful salt;
1/2 cup shortening; about 1
cup milk; butter; 2 baskets
strawberries; between 1 and
2 cups granulated sugar; 1
cup or more double cream.

Hull, wash and drain the berries; reserve a few choice berries to garnish the top of the cake; cut the rest in halves and mix with the sugar. Beat the cream and set aside to chill. Sift together, three times, the flour, baking powder and salt; work in the shortening; then mix to a soft dough with the milk. Spread the mixture in two layer cake pans. Bake about twenty minutes. Turn one cake out on a hot plate, spread liberally with butter, pour on part of the berries; cover with the second cake, also spread with butter, pour over the rest of the berries and put the whipped cream above, with the whole berries here and there.

The Cook's Book contains 90 just such delicious recipes. You can secure a copy free by sending the colored certificate packed in 25-cent cans of K C Baking Powder to the Jacques Mig. Co., Chicago, being sure to write your name and address plainly.

HENRY CLEWS ON FINANCES.

Henry Clews, New York banker, writes concerning the war and finances:

Escape from the injurious effects of Europe's Armageddon is impossible. Whether we like to make the admission or not, American business affairs are dominated by this terrible cataclysm more than by any other single influence. While the struggle is on we will benefit in some respects as long as we maintain our position of neutrality and isolation. By so doing, we are enabled to supply many of the necessities which the belligerents must have but cannot themselves produce, except in insufficient quantities. The manufacture of implements of destruction on such a vast scale as is now going on in this country is depressing and not inspiring. Nevertheless, war materials must be had; and the more readily they are supplied the quicker will the contestants either come to their senses or be exhausted. The output of military supplies, particularly ammunition, in the United States is simply appalling, and must run into the hundreds of millions; some estimates being as high as \$500,000,000, although many of the published amounts are undoubtedly exaggerated by duplication. In consequence of these orders our exports continue to expand tremendously, and shipments on account of recent orders will be much heavier in the summer and autumn than now. Our imports meantime have suffered a material contraction, so that one of our leading government officials has been led to state that the current fiscal year will show an excess of about a billion dollars in exports. This is a fabulous balance, and is only one of numerous evidences of serious derangement in the world's international trade, which must now be still further disturbed by entrance of Italy into the contest. Such a huge balance can be adjusted in several ways, by gold imports, by merchandise imports, by security imports or by granting credits until any or all of these means of settlement are available. Gold we do not need; our present supply being \$1,890,000,000, which is by stoppage of production abroad. Security imports are not probable on a scale under present conditions. The granting of credits to foreign nations has already been very extensive and promises to continue indefinitely.

This war, which will cost Europe untold billions, not to speak of incalculable human misery, is being principally financed by England, whose financial resources are proving vastly beyond all possible expectation. In addition to her own huge outlays, she has made enormous loans to the Allies, France, Russia and Belgium, without as yet showing the least sign of undue strain. In all probability she has loaned big sums to Italy, and Roumania if she enters the war may soon be asking for needed loans which Germany has refused. London exchange is selling at a very much smaller discount than that of any other financial centre in Europe. As the end of the struggle is not yet in sight, further expenditures on this same vast scale are inevitable; and for months to come England's vast financial abilities will be wholly absorbed in war finance. London will thus have little to spare for ordinary investments, and the world will be compelled to turn to New York as the only important financial centre free to finance war or not at its pleasure. As a matter of fact, we are already giving the belligerents very material financial aid. Important credits have been granted to the Allies, much of not all of which is being expended here in munitions of war. The aid thus extended by the United States to Europe emphasizes our growing independence and strength in international finance. Such aid, needless to say, will be a very important factor in hastening an end of the war. This is its chief justification from either a moral or financial point of view.

When the war is over there will be new tariff laws and new lines of discrimination between the various countries of Europe regarding trade, and Uncle Sam is not going to lose anything by this, either.

Every once in a while the weather man shows a gleam of sunshine to us and at the same time displays a gleam of almost human sympathy.

We don't know how fortunate we are in this country. If we were in Flanders we would want to be back in a hurry.

Straw hats are O. K. from now on.

LEON RICE TENOR DELIGHTS AUDIENCE

MAN WITH WONDERFUL VOICE
SANG TO LARGE CROWD
MONDAY EVENING

A very large audience attended the concert by Leon Rice, tenor, at the Methodist church Monday evening, and all pronounce it to have been one of the greatest musical treats ever enjoyed in Dixon. Mr. Rice is indeed a wonderful singer, possessed of a wonderful voice and capable of the most exacting kind of work.

He enjoys a reputation that is international in its scope as one of America's greatest tenors. He has for several years been tenor soloist of the choir at Trinity Chapel (Trinity Church Corporation) New York City, one of the finest church positions in the metropolis. More than 2000 concert engagements have been filled by Mr. Rice in the United States, Canada and Europe, and everywhere he has appeared the press has accorded him the most extravagant praise for his splendid voice and artistic singing. He has studied with some of the most noted instructors in America and Europe, and his appearance here is greeted with genuine interest.

Jennie Caesar-Rice, who is also an artist of exceptional ability, presides at the piano and an evening of rare enjoyment is promised all fortunate enough to attend.

The London Free Press says: "No more enjoyable treat has been provided for the music lovers of London for some time than the recital of Leon Rice. He sang twenty songs—each a gem, and swayed his audience at will."

He will give his second concert in the Methodist church Monday evening.

In order that everyone who loves good music may hear these famous artists, no admission fee will be charged, but instead a silver offering will be taken to assist in defraying expenses.

KAISER'S ENVOY SEES PRESIDENT

Von Bernstorff Discusses Germany's Reply to America.

ANSWER IS EVASIVE IS VIEW

President Has Prepared Note to Kaiser's Government, Which Was Submitted to Cabinet, and Is Being Transmitted—Gulflight Sunk by Mistake, Berlin Says.

Washington, June 1.—Count Von Bernstorff, German ambassador had an audience with President Wilson at noon today, at his special request, to discuss, it is understood, Germany's reply to the American note.

President Wilson will reply promptly and decisively to the German reply and will sustain the position taken in those demands, it is learned in official circles.

There are two courses open to the president, according to one official of the state department.

One is to support the original American stand without reservation and the other to take a course which will entail prolonged controversy.

Will Support Stand.

It was predicted the president will take the former course.

The German note is disappointing and evasive in character and is regarded here as more conducive to parity than to quick adjustment of the present grave difficulties between this nation and Germany.

The document is being considered at the cabinet meeting today, which is looked upon as the most important in years.

The state department completed the deciphering of the German answer shortly after 10 a. m. Monday. It is learned that the text cabled to the press from Berlin was substantially correct except in the matter of the charge made by the German foreign office that the Lusitania was known to have carried mounted guns below her decks.

The official text stated that the German government was informed that the Lusitania undoubtedly carried these guns. The official text also stated bluntly that the British government "rejected" the American proposal for the limitation of warfare proposed under the German and British blockade orders.

"Gulflight Case Error."

The American steamship Gulflight was torpedoed by mistake, according to the commander of the German submarine that attacked her, Ambassador Gerard in Berlin reported to the state department.

"The American ambassador at Berlin," says the state department announcement, "reports that the chief of the admiralty staff, Admiral Behnke, has informed him that the commander of the submarine said two boats similar to trawlers, one carrying wireless apparatus, were apparently convoying the Gulflight."

"The commander therefore thought it a British boat and did not notice the American flag on the stern until just after giving the order to fire."

LONDON TIMES IN WAR COURT

Newspaper Is Prosecuted for Printing News Useful to Enemy.

London, June 1.—The first important newspaper prosecution under the defense of the realm act, on the charge of printing information useful to enemies of Great Britain, was begun against the Times, and also against the printers of that paper, and Major B. H. Richardson, a retired officer.

The prosecution is based on a letter written by Major Richardson, published in the Times on May 21, which said: "The last of the French reserves are out. At the present moment young raw recruits have been called up." The letter was a plea for conscription. Public Prosecutor Bodkin said the French government had complained of its publication. The statement, whether true or false, was calculated to give confidence to the Germans and depress the allies, the prosecutor said.

GREY'S EYESIGHT IS FAILING

British Secretary for Foreign Affairs Compelled to Take Rest.

London, June 1.—The foreign office announced that Sir Edward Grey secretary for foreign affairs, has been advised by his physician to leave his work to rest his eyes, as his sight has been failing. Lord Crewe has taken charge of the foreign office, assisted by Lord Lansdowne.

Gen. B. F. Tracy Is Injured.

New York, June 1.—Gen. Benj. F. Tracy, former secretary of the navy, was injured when an automobile in which he was on his way to review a Memorial day parade in Brooklyn collided with a wagon.

Dutch Steamer Is Burned.

THE HELPLESS.

The man who's always waiting for help to do his task, down to the dump goes skating, where dread whangdoodles bask. "I've asked my neighbor, Perkins," says helpless Willyum Weed, "to help me plant my gherkins, and sow my nutmeg seed, and when he comes, you betcher, we'll make things hum around; and then I'll ask Bill Fletcher to come and roll the ground." He waits and keeps on waiting, nor tries to make things hum but spends his time berating the friends who do not come. He sits and scolds and whistles, and waits, but never stirs, while fields grow up to thistles, and juicy cockleburrs. He'll wait, and keep awaiting the friend who ever comes; he'll sit, all efforts hating, a-twiddling of his thumbs, until, to end the circus, a cart comes to the gate, to take him to the works, where other paupers wait. The delegate who's wending his way to wealth and fame, is on himself depending, throughout this mortal game.

8 ILLINOISANS TO GET WEST POINT DEGREES

Chicago Boy Stands 3d in Class of 164, Joliet Boy 5th.

West Point, N. Y., June 1.—Illinois is well represented among the 164 young officers who will be added to the United States army with the graduation of the military academy class of 1915.

Eight cadets of Illinois are members of the class. They are Edwin Alexander Bethel, Donald Angus Davison, Earl Ewart Gesler, Charles Curtiss Herrick, Louis Alfred Merillat Jr., Iverson Brooks Summers Jr., Douglas Lafayette Weart and Arthur Arnim White.

The Illinois boy who has gained the most fame in athletics since entering the academy is Louis Merillat Jr. of 3767 Grand boulevard, Chicago. Merillat has been known as one of the best ends who ever played on a West Point football team. Cadet Davison is another son of Illinois who has distinguished himself in school. In scholarship, however, Douglas Lafayette Weart ranked highest, standing third in a class of 164, while Earl Edward Gesler, Joliet, Ill., stood fifth.

ITALIANS NEAR CITY OF TRENT

Latins Are Approaching Lavarone Plateau, 10 Miles Away.

ADMISSION MADE BY AUSTRIA

Vienna Claims Victor Emmanuel's Men Suffered Reverse—Strategic Railway Affording Line for Supplies to City, Near Capture—Would Cut Off and Capture City.

Rome, June 1.—Austrian troops have evacuated Fort Serravalle, in the Adige Valley, and are falling back upon the Trentino village of Mori, sixteen miles south of Trent. Two other forts have been captured by the Italians.

Modern artillery fire completely wrecked the ancient rock fortress at Serravalle. After a sixteen-hour bombardment from the heights of Monte Altissimo the enemy found their position untenable and fell back under cover of the guns posted at Mori to black the Italian advance up the Adige toward Trent.

Rome, June 1.—Fort Vezana was completely demolished and was occupied by Italian infantry.

Berne, via Paris, May 31.—Travel-

Berne, via Paris, June 1.—Travelers from Austria report that a large number of trains loaded with German troops, chiefly infantry and artillery, are moving to the southern Tyrol. Innsbruck is crowded with German soldiers.

Paris, June 1.—Italian troops have pressed forward to the Lavarone plateau, which dominates the City of Trent, only ten miles away, according to an admission of the Austrian war office. The account says that the encounter on this elevated stretch of land, where there are Austrian fortifications, was a fierce one which resulted in reverse to the Italians. The fact that the Italians are so near Trent, however, is regarded here as highly significant and as an indication that the bombardment of Trent itself may be expected very shortly.

Strategic Railway Near Capture.
Farther to the north Italian troops

have penetrated to the town of Paneveggio, according to Vienna reports, where they appeared in considerable strength. Paneveggio is but a few miles east of the railroad which runs from Innsbruck through Bozen to Trent. This railroad is the main source of Austrian supplies for Trent and its capture at a point in the neighborhood of Paneveggio would consequently mean the isolation of Trent. It is therefore the Italian general staff, by an enveloping movement, is attempting to deprive Trent of its source of supplies in the north while preparing to attack it in strength from the south.

Mayr's Wonderful Remedy gives permanent results for stomach, liver and intestinal ailments. Eat as much and whatever you like. RESUME HEARING IN SWARTZ DEED CASE

EVIDENCE OF WOMAN DETECTIVE PROMISES TO BE REAL SENSATION

The hearing was resumed today before Special Master-in-Chancery A. H. Hanneken in the case of Harry L. Peterson vs. George W. Swartz. This is a case in which the plaintiff is endeavoring to set aside a deed for land in Harmon township that Daniel Swartz had given to his son Geo. W. Swartz of this city. The hearing was started about ten days ago and at that time Atty. Kidder of Sterling for the plaintiff sprung a surprise in introducing testimony of a woman detective whom they had at work digging up evidence in the case. The case will not be finished today and will likely continue over tomorrow.

Dramatic Notes

PRINCESS THEATRE

Tonight the Princess will show a splendid two reel feature entitled "At the Stroke of the Angelus" with Francis Billington and Charles Clary in the leading roles, a beautiful romance of the early 50's, with excellent Spanish settings and clever acting. The other pictures are a Thanhouser drama entitled "The Refugee" with Ernest Warde and Arthur Boner in the leading roles, a story of an episode of the world war, starring Leland Benham; and a side-splitting Keystone comedy entitled "A Human Hound's Triumph," one of the best Keystone comedies ever released.

FAMILY THEATRE.

Wednesday night's bill at the Family will be in two parts. "Aftermath" a heart gripping drama written by Prof. Wm. A. Hervey of Columbia University, portrays the upward struggle of two young Americans, husband and wife, from the depths of despair to the height of prosperity and happiness, in the midst of which they are confronted by the tragic past of the young wife, which she had believed to be buried. For a time the vortex of shame threatens to engulf both, but dominant love finally lifts them above the menace of the past. The Weekly Paramount Travel series pictures also will be shown.

of about three quarters of an hour, was most haly presented. Tonight night the stock company will present The Man of the Hour, also the opening chapters of the new serial picture, The Diamond From the Sky.

Who Will Pay for This?

The bill pending in the legislature of Illinois which would prohibit the railways of this state from running any freight train containing more than 50 cars would cause **an enormous increase in the cost of railway transportation.**

The railway companies must defray all their expenses out of their earnings. Their earnings are derived entirely from the rates paid to them by the traveling and shipping public. Therefore, whatever tends to increase their expenses also necessarily tends to cause either an increase in the passenger and freight rates which the traveling public must pay or a deterioration in the service rendered to the public. It follows that in the long run

The Travelers and Shippers of Illinois Must Pay

the increased expenses that would be caused by the proposed train limit legislation. Careful estimate and compilation of the consequences of this proposed legislation to the railways of Illinois show that it would increase railway expenses in the following ways and for the following reasons:

1. The railways of Illinois have invested millions in reducing grades, building long siding, yard and terminal tracks, and in buying large and powerful locomotives to enable them to handle traffic in long trains. This is progressive railroading. The investments made for these purposes, which would be rendered valueless by train limit legislation is estimated at \$53,432,807.
2. The great power and efficiency of the large locomotives now used would be rendered inoperative by the limitation of the length of trains to 50 cars. It would be necessary to run more trains and therefore to have a larger number of locomotives to pull them. It would also be necessary on many roads to provide additional tracks and other facilities for the accommodation of the additional trains. The additional investment in tracks, locomotives, etc., which the proposed legislation would force upon the railways, would amount to \$19,635,327.
3. The railroads would have to raise the capital to provide this additional equipment, trackage and other facilities. They would have to pay a return on it. The interest charge on this new investment at 5 per cent per annum would be \$981,766.
4. For every additional train which this proposed legislation would force the railroads to run, an additional train crew would be required, also more employes of other classes, as yardmen, switchmen, etc.; also more fuel for the locomotives required to haul the increased number of trains. These entirely new and unnecessary expenses would have to be added to operating costs. This annual increase in operating expenses for wages, fuel, etc., would be \$6,368,555.
5. Adding the annual interest charge on the new investment to the increases in labor, fuel, and other operating costs, would make an annual increase in the total expenses of the railroads of Illinois of \$7,350,321.

Added Railway Expense in Illinois, \$7,350,321 Per Year!

Read again and study the enormous financial burden which this proposed legislation would place upon the railways of Illinois and through them upon the public which they serve:

The Total Cost in Illinois

1. Existing Investment Made to Haul Long Trains that Would be Rendered Valueless	\$53,432,807
2. New Investment that the Railways Would be Forced to Make	19,635,327
3. Interest per annum at 5 per cent on this New Investment	\$ 981,766
4. Increase in Annual Operating Expenses that Would be Forced on the Railways	6,368,555
5. Total Increase per Year in Railway Expenses	\$ 7,350,321

The real purpose of this proposed legislation which would place such an additional and heavy burden upon the railroads directly and on the people of Illinois indirectly is

To Compel Railways to Employ Men They Do Not Need

Do you, Mr. Farmer, Mr. Manufacturer, Mr. Merchant, Mr. Traveler, wish to be forced to pay more for your transportation, or to have your railway service deteriorated, because the railways have been forced to incur unnecessary expense in order to give employment to men that they do not need? If not,

Appeal to Your Representatives and Senators

to defeat the foolish and iniquitous bill to limit the length of trains.

STORMY WEEK HERE

Continued from Page 1

ing a door leading into another part of the car, entered and found Bushear, who was taken down to the jail and locked up.

The return trip was then made for the negro and after a search through the railroad yards and circus train a man giving the name of Dewey L. Madden, whom Mr. Kent thought threw the rock, was taken into custody. Some of the local boys who hid witnessed the affray claim the man picked up was not the one who hurled the rock and they described another. A search was then made for this party and he later was found. He gave the name of James Harris. Both men were then brought to the county jail and locked up.

On Sunday morning Bushear was arraigned before Justice Hanneken to answer to a charge of disturbing the peace and was assessed a fine of \$15 and costs, and on liquidating he was discharged, in time to accompany the show out of town.

A charge of assault with a deadly weapon and disturbing the peace was lodged against Madden, while the charge of disturbing the peace was made against Harris. The hearing on both cases was continued until Friday.

WHY WOMEN SUFFER

MANY DIXON WOMEN ARE LEARNING THE CAUSE

Women often suffer, not knowing the cause.

FACTIONS OF MEXICO
WARNED BY WILSON

They Must Compose Differences and Form Government.

Washington, June 1.—Following today's cabinet meeting President Wilson issued a statement giving notice to the warring factions in Mexico that they must compose their differences and establish some form of government to which the United States may look for the establishing of law and order.

The gravity of such action, coming at a time when this government has in hand diplomatic negotiations of a delicate character with one of the belligerent powers of Europe, is fully realized by administration authorities. Though the moment may be unpropitious, the president has decided to abandon the policy of forbearance that has marked the attitude of the United States toward Mexico for the past two years. He has come to the conclusion that unless Mexico proves capable of setting its own house in order the United States must act. The administration is hopeful that influences will soon be set to work in Mexico that will obviate drastic action on the part of this government. Men close to the president appear to be of the opinion that when the Mexican leaders learn that the United States will no longer permit things to drift in Mexico the problem will be solved by Mexico itself.

PIUTES BREAK THEIR PAROLE

Red Men Are Roaming Country and Threatening Whites.

Santa Fe, N. M., June 1.—The renegade Piutes of southern Utah are violating their promise to General Scott to remain inside the reservation, are roaming over the country and are making threats against the white inhabitants, according to A. H. Spencer, who has arrived at Farmington, N. M. The parole agreement provided that if the Indians left the reservation the state authorities should return them forcibly.

EVERYBODY

would like to buy their Pineapples for canning at the cheapest price. This seems to be the reason they all wait for a while when they first come on the market. As the public commence to buy, the price advances. This has been the history of the pineapple market for a number of years back.

It seems now that the public is buying and that the market will advance slowly. Such is advice from South Water St. The Cuban Pineapples are now on the market and are the kind mostly canned here. Florida's will not be on the market for two or three weeks yet.

We have a full supply of the larger pines, which can to the best advantage, as well as sugar, cans, caps and rubbers.
